

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the Application. Deletions are ~~struck through~~ and additions are underlined.

1. (Currently amended) A pharmaceutical composition comprising dehydrodiconiferyl alcohol of following chemical formula (1a) isolated from the extract of Cucurbitaceae family plant and the pharmacologically acceptable salt thereof having anti-adipogenic and anti-obesity activity as an active ingredient in an effective amount to treat ~~and prevent~~ obesity and adipogenesis-involved disease.

2. (Previously presented) The composition of claim 1, wherein said Cucurbitaceae family plant is selected from the group consisting of pumpkin (*Cucurbita moschata* DUCH), water-melon (*Citrullus vulgaris* SCHRAD), sponge gourd (*Luffa cylindrical* L. ROEM), gourd (*Lagenaria siceraria* STANDL. var. *depressa* HERA), and cucumber (*Cucumis sativus* L).

3. (Previously presented) The composition of claim 1, wherein said extract of Cucurbitaceae family plant is extracted from the stem or leaf thereof.

4. (Previously presented) The composition of claim 1, wherein said obesity and adipogenesis-involved disease is selected from the group consisting of obesity, type II diabetes, steatosis, hyperlipemia, cardiovascular disease, and atherosclerosis.

5. (Currently amended) A health care food comprising a dehydroiconiferyl alcohol as set forth in claim 1, together with a sitologically acceptable additive for the ~~prevention and~~ alleviation of obesity and adipogenesis-involved diseases.
6. (Original) The health care food according to claim 5, wherein said food is heath care beverage.
